Contracting authority: DYEKO, Sokratous 23, Trikala, GR 42100, info@dyeko.gr

Further details (only available in ENG)

Project

INNOVENTER Balkan – MED, Interreg Programme, Duration 24 months.

Project idea

The core idea of INNOVENTER project is to establish vocationally oriented social entrepreneurship training for small and medium enterprises so that they innovate themselves, while at the same time also engaging disadvantaged people as employees. A gap that exists between commercial and social entrepreneurship will be addressed. The project embeds concepts of Social Business Initiative (Social economy and Entrepreneurship) with commercial entrepreneurship, embracing characteristics of a social enterprise and it will thrive to stimulate companies to be managed in a more open and responsible manner. Main project outputs all nationally adapted will be tailor-made ECVET compliant training courses on social entrepreneurship with curriculum, learning modules and handbook, online and mobile training platforms with interactive tools for small and medium enterprises and supporting knowledge database, mentoring program and employment issues.

The training will be piloted and implemented through induction sessions, extended distance learning sessions and training sessions by joint team and involving a cohort of local trainees. Core end-users are decision makers in small and medium enterprises, social enterprises and business organizations. Indirectly disadvantaged groups and social economy sector will benefit subsequently. Vocational teachers and trainers will acquire more experience on the social entrepreneurship theme. The real benefits and impact on the area will be the increase of competitiveness, innovation and employment levels of small and medium enterprises.
